**The training environment**  
**The right trainers**  
**The correct equipment**

## TWO DAY COURSE

The two day Site Supervisors Safety Training Scheme (SSSTS) courses are intended for those who have, or are about to acquire, supervisory responsibilities. It provides supervisors with an understanding of health, safety, welfare and environmental issues, as well as their legal responsibilities relevant to their work activities. It will highlight the requirement to promote health and safety in order to supervise effectively.

- ✓ The Health and Safety Acts, Regulations and the Approved Codes of Practice and Guidance Notes
- ✓ The Health and Safety Legal System
- ✓ Causes, types and the numbers of construction accidents
- ✓ Risk Assessments in all manner of construction circumstances such as: working at height, demolition, occupational health, fire, electricity, confined spaces and the control of contractors
